

FOR SALE

12241 Fort Road,
Edmonton, Alberta

OPEN-CONCEPT, PRE-APPROVED DAYCARE PROPERTY

REMAX Commercial Excel is pleased to present an exceptional daycare ownership opportunity in northeast Edmonton.

In an area of Edmonton that desperately requires more childcare services, this opportunity allows for full control of the entire daycare property for future growth and development. The cost of this property is comparable to the same as a five-year lease for a similar property, but all upgrades and investment remains with you, not a landlord. Development of Northlands and along the Fort Road corridor lays the foundation for stability and growth in the future.

Highlights:

- 2025 Clean Phase I Environmental;
- Pre-Approved daycare permit from City obtained in 2025;
- Straddles the boundary of Edmonton Eastwood and NE daycare zones from Alberta Children and Family Services, which is a high-need location;
- Solid, industrial concrete roof, walls, and floor with no leaks, engineered-assessed for approval of alterations necessary for daycare;
- No Structural Internal walls; four separate plumbing stacks for easy upgrading of toilets and kitchen;
- Flow-through drop-off potential for increased parking and land utilization.
